**Description:** In rare instances and unique roadway environments such as certain types of railroad crossings and metal overpasses, the Automatic Emergency Braking (AEB) system in some vehicles may activate braking when it is not needed. The driver can always override the Automatic Emergency Braking (AEB) system by pressing the accelerator.

If the radar and Advanced Driver Assistance System (ADAS) software incorrectly read specific roadway features as potential obstacles, the Automatic Emergency Braking (AEB) may falsely activate and provide visual and audible warnings for the driver to take action. If the system continues to detect an obstacle and no override action is taken by the driver, the

system will apply the brakes. The customer can always override the Automatic Emergency Braking (AEB) system by pressing the accelerator.

**Remedy:** Dealers will reprogram the Radar and Advanced Driver Assistance System (ADAS) components of the Automatic Emergency Braking (AEB) system with updated software to prevent false Automatic Emergency Braking (AEB) activation in previously specified driving environments.

## Glossary

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Rental

Vehicle was registered by a rental agency.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
